

HOW TO ORDER A NETBURNER PART WITH OPTIONS

Several NetBurner part numbers include a suffix that specifies which optional components should or should not be included with a given part. For example, the SB700EX-100IR can be ordered with a US version power adapter or an International version power adapter.

PART NUMBER	OPTION SUFFIX	FINAL PART NUMBER
SB700EX-100IR	-I	SB700EX-100IR-I

The table below describes the options that are available for several NetBurner parts.

OPTION SUFFIX	DESCRIPTION
U	US version power adapter
I	International version power adapter
N	“Do not include all options specified after this letter”
B	No retail box
L	No label
P	No power adapter
C	No cable

The table below specifies which options should be selected for a specific part number. To order the part, click on the main NetBurner part number hyperlink on the left column to visit its NetBurner Store webpage.
